## *Repent the Obstruction of Karma*

### *Retributions vary according to karma*

*Like a shadow, karma follows us wherever we go  
Ordinary people do not realize the Law of Karma  
When they see good people suffer from being abused  
And evil people always having their way,  
They become doubtful about the Truth of Karma*

*The Sutras state there are three types of retribution  
Present-life Retribution, Next-life Retribution,  
and Future-life Retribution are all sure to come  
When karma matures, the retributions, good or bad, surely manifest*
